

# National Junior Honor Society, Saints Peter and Paul School Chapter Bylaws

- Students earning a cumulative average of at least 94% are eligible for consideration on the basis of service, leadership, citizenship and character.
- Students who are eligible scholastically should complete the Student Information Form for further consideration. This form outlines the candidate's achievements in service and leadership. This is not considered an application; it is supplemental information on which the council may base its decision.
- Each student must submit 3 Faculty Evaluation Forms with his/her Student Information Form. These forms serve as a testament to the student's character.
- Student Information Forms submitted after the assigned due date will not be accepted.
- The faculty council consists of five voting faculty members appointed annually by the principal. No principal or assistant principal may be on the faculty council.
- The principal has the right to approve all activities and decisions of the chapter. This authority extends to selection and dismissal of members. The principal cannot serve as chapter adviser and is not a member of the voting faculty council. The principal receives appeals in the cases of non-selection of candidates and the discipline or dismissal of members.
- The **leadership** criterion is considered highly important for membership selection. The faculty council may wish to interpret leadership in terms of the number of offices (rep. captain etc) a student has held in school or community organizations; however, it is important to recognize that leadership also exists outside elected positions including effective participation in positions of responsibility.
- This list is for consideration. It is not a checklist. **The student who exercises leadership:**

- A person of **character**, as defined by NJHS, demonstrates the following six qualities: trustworthiness, responsibility, fairness, caring and citizenship.
